

# The "V" in VIC Leak Detection® stands for versatility

Industry-standard  
leak detection  
any way you want it.  
MS-50 High-speed  
production leak detectors  
and MS-40 portable  
leak detectors are available  
in a wide variety of standard  
models as standalone units  
or integrated by VIC into  
fully automated leak-test  
solutions.
